

**CMSE
 Components for Military and Space Electronics Conference**

Publications Available for Purchase

	Quantity
[] CMSE Conference Notes 2007	\$150.00 _____
[] Tutorial 1 - Lead Free - Military and Space	\$ 75.00 _____
[] Tutorial 2 - Counterfeit Components	\$ 60.00 _____
[] Tutorial 3 - Lead Free - Impact on Reliability	\$ 75.00 _____
[] Tutorial 4 - Selection of COTS Electronics	\$ 75.00 _____
[] CMSE Conference Notes 2006	\$150.00 _____
[] Seminar 2 - Failure Analysis Practices and Case Histories with COTS Electronics	\$125.00 _____
[] Seminar 3 - Resolving Issues with Lead Free Solder in Military Electronics	\$140.00 _____
[] CMSE Conference Notes 2005	\$150.00 _____
[] Counterfeit Components Avoidance (Feb. 28 - Mar 1, 2007)	\$ 90.00 _____
[] CLR Passive Components Handbook	\$140.00 * _____
[] Failure Analysis Mechanisms, Technology and Photo Atlas by J. Devaney	\$140.00 * _____
[] Semiconductor Technology Handbook (Trapp & Lopp)	\$300.00 * _____
[] Accelerated Life Testing Handbook (Peck & Trapp)	\$190.00 * _____
	Shipping (see below) _____
	Total _____

Shipping: Within U.S. add \$8 per book for Priority Mail shipping (maximum \$35).
International Orders add \$35 per book or \$85 for those marked with "*" for DHL shipping (maximum \$150)
